We offer to take photos of students in the laboratory and clinical training centre on all BioGrad courses. We encourage students to add these images on their social media profiles such as LinkedIn when looking for work or university places.

We send all images directly to the student after the course and sometimes post images on our website and social media to allow other students to see the opportunities available during the course.

We would be grateful if you would fill in this form to give permission to take photos during your course and provide the option for us to share images on social media and for use on the BioGrad website.
